

SETTING A Higher Standard FOR PET NUTRITION

Created to provide companion animals with a nutritional advantage, Life's Abundance Premium Health Food for Puppies & Adult Dogs is made with select ingredients to help your dog achieve and maintain optimum health. Formulated by Dr. Jane Bicks, one of the nation's leading holistic veterinarians, this superior food addresses the needs of the whole body.

Every ingredient is carefully chosen based upon its positive effects on a dog's physiology, to promote the long-term health of canines.

Loved by both puppies and adult dogs of all breeds and sizes, this delicious recipe features an antioxidant system to support dogs throughout their life cycle. Also figuring prominently are omega fatty acids to promote healthy skin and a glossy coat, and complex carbohydrates from oat groats for sustained energy.

Another highlight of this food is our proprietary blend of vitamins and minerals to supply dogs with the nutrients that help them to thrive, regardless of their age.

This Life's Abundance recipe furnishes the body with optimal protein levels, to help puppies grow strong and adults to maintain muscle mass. Additionally, we have added a balanced blend

of calcium and phosphorous to support both developing and aging bones.

Our naturally-flavored kibble comes complete with dietary fiber to promote digestive health.

And because we use only wholesome ingredients, this formula contains no artificial colors or flavors, no corn, no wheat and no glutens.

Life's Abundance is nutritionally-dense, which means that you won't have to feed your dog as much food as other brands. That can translate into savings you can count on, meal after meal, year after year. Not only that, but smaller meals and concentrated nutrition means less mess to clean up outside.

When you try Life's Abundance, you'll know why people say it's what pet food should be.

Life's Abundance®

Premium Health Food for Puppies & Adult Dogs

Life's Abundance Premium Health Food is veterinarian-formulated with select ingredients to help your dog achieve and maintain optimum health. We use a "fast-cook" process to help preserve the nutritional value of each and every wholesome ingredient. And we maintain strict inventory controls to ensure the quality and safety of our foods. With Life's Abundance, you can be confident that you're feeding your dog advanced nutrition.

Our foods are made with the finest ingredients, including ...

- A proprietary blend of vitamins and minerals
- High-quality protein from chicken meal for strong muscles
- An antioxidant system including vitamins A, C and E
- A selection of nutritious vegetables and fruits
- Omega-3 fatty acids for healthy skin and a shiny coat
- Calcium and phosphorus for healthy teeth and strong bones
- Dietary fiber to help maintain a healthy digestive tract

Since we use only wholesome ingredients, this formula contains ...

- No artificial flavors
- No artificial colors
- No corn or corn gluten
- No wheat or wheat gluten

HealthyPetNet is committed to providing nourishing foods, treats, supplements and care products for companion animals. We're proud to deliver a selection of premium products with the nutrients dogs need and the tastes they will crave.

Contains a source of live (viable), naturally occurring microorganisms.

Calorie Content: Metabolizable Energy (ME) = 3,880 kcal/kg, 482 kcal/cup (calculated). Amounts are based on the use of a standard measuring cup.

Life's Abundance Premium Health Food For Puppies & Adult Dogs is formulated to meet the nutritional levels established by the Association of American Feed Control Officials (AAFCO) Dog Food Nutrient Profiles for all life stages.

Feeding Instructions For Puppies:

When ready to eat solid food, begin feeding moistened kibble and "free feed" until fully weaned, between 6-8 weeks old. After weaning, feed the "Suggested Daily Amount" of dry kibble according to weight and add at least 25% more. Individual Meal Feeding: From 8 weeks to 4 months, divide the daily amount and feed 3-4 meals in a 24-hour period. From 4-6 months, divide the daily amount and feed 2-3 meals in a 24-hour period. Free Feed: Measure the entire daily amount into a dish and allow your puppy to eat at will over the course of a 24-hour period. This method of feeding may lead to obesity. Food requirements may vary for individual puppies.

Feeding Instructions For Adults:

Start with the suggested amount of Life's Abundance per day. Use the "Suggested Daily Amount" as a guideline. You can adjust the amount you feed by more or less depending on your dog's weight and body condition. Keep fresh drinking water available at all times.

Feeding Instructions For Pregnant Or Nursing Dogs:

Start with "Suggested Daily Amount" in the table below during early pregnancy. Needs will likely increase by as much as 50% in late pregnancy, and may as much as triple during heavy nursing periods. Keep food available for nursing dogs at all times.

3 - 10 lbs.	1/4 to 2/3 cup
10 - 20 lbs.	2/3 to 1 cup
20 - 30 lbs.	1 to 1-1/2 cups
30 - 40 lbs.	1-1/2 to 1-3/4 cups
40 - 60 lbs.	1-3/4 to 2-1/2 cups
60 - 80 lbs.	2-1/2 to 3 cups
80 - 100 lbs.	3 to 3-1/2 cups
Over 100 lbs.	3-1/2 cups + 1/3 cup for each 10 lbs. of body weight over 100 lbs.
